[Back](#)

Carbon Footprint/Trading/Emissions

24: Reducing carbon emissions not enough, expert warns - We are now beyond the point of simply needing to reduce carbon emissions to prevent catastrophic climate change, according to a leading scientist from The Australian National University (ANU). People and ecosystems are already suffering from the impacts of climate change across the world, and these impacts will worsen unless we move quickly to radically reduce global greenhouse gas emissions," Professor Abram said. [More...](#) (Jun 24, 2021) ([The Australian National University](#) , [Australia](#) ([www](#)) , [Academic Institution](#))

25: S'pore, Indonesia can reap carbon trading synergies: Analyst - Singapore and Indonesia have expressed ambitions of becoming hubs for the growing carbon credit trade. But both marketplaces could be synergistic instead of competitive, said Singapore Institute of International Affairs chairman Simon Tay. [More...](#) (Jun 24, 2021) ([Singapore Institute of International Affairs](#) , [Singapore](#) ([www](#)) , [Organization](#))

26: Australia's carbon market on track for growth year in 2021 - The Morrison Government's emissions reduction schemes are on track to drive down Australia's emissions by as much as 57 million tonnes in 2021. This would represent a 7 per cent increase on 2020, demonstrating the ongoing success of the Government's initiatives, including the Emissions Reduction Fund (ERF). The Regulator expects the ERF to credit 17 million tonnes of emissions reductions (Australian Carbon Credit Units or ACCUs) in 2021, which would eclipse the record 16 million tonnes recorded last year. [More...](#) (Jun 24, 2021) ([Australia](#))

27: Gaining momentum on our net-zero goal is vital - Unfortunately, Australia is just now starting to plan how it will meet and beat the 2030 Paris target. It's vital to consider how each sector slots into this and the role it can play in supporting a more sustainable future. While it has previously been suggested that agriculture should be exempt from our proposed 2050 net-zero emissions target, with the industry currently accounting for 14 per cent of global greenhouse gas emissions (GHG) combined with the potential for net neutrality through carbon sequestration, it's evident that agriculture can play a huge role in the solution. [More...](#) (Jun 24, 2021) ([Australia](#))

28: S'pore exploring hydrogen, carbon capture technologies - Singapore has joined the global race to reach net-zero emissions to avoid the harshest climate change impacts, and is looking to reduce its reliance on fossil fuels by exploring low-carbon alternatives. Hydrogen is considered a cleaner fuel as it produces no planet-warming carbon dioxide (CO2) when burned, while CCUS gives the option of capturing emitted CO2 and storing or converting it into useful substances. [More...](#) (Jun 24, 2021) ([Singapore](#))

29: ACER Pledges To Reduce Its Carbon Footprint With Its Greening Action Plan (2021-2022) - ACER's desire to become greener and more digital as an organisation is not surprising for an EU Agency that plays such a pivotal role in the delivery of Europe's ambition to be climate neutral by 2050. [More...](#) (Jun 24, 2021) ([Acer Inc](#) , [Taiwan](#) ([www](#)) (Ticker: 2353) [Hardware](#) , [LargeCap](#))

30: CP takes on climate change, vows to be carbon neutral - The Charoen Pokphand Group (CP) has joined global efforts to accelerate its work in tackling the global climate crisis. [More...](#) (Jun 24, 2021) ([The Charoen Pokphand Group Co Ltd](#) , [Thailand](#) ([www](#)) [Conglomerate](#))

[Back](#)

Green Investment

31: Takeaways: RIL woos \$2 trillion ESG crowd with ambitious green energy plan - Reliance Industries, one of the largest fossil fuel companies in the world, is going green. RIL announced at its annual shareholders' meeting

that it would invest around Rs 75,000 crore in the coming years to transition itself into a full-fledged green company.

[More...](#) (Jun 24, 2021) ([Reliance Industries Limited](#) , [India](#) ([www](#)) (Ticker: 500325) [Oil, Gas & Power](#) , [LargeCap](#))
