ESGspectrum Databases

Compiled by:

ESGspectrum.com
Princeton, NJ

Introduction

About Us:

ESGspectrum is a one-stop resource platform for global Environmental, Social and Governance (ESG) news, listings, analysis and resources catered through a range of researched and analytical products. All the products are based on comprehensive, in-depth and hard-to-access data compiled by our research team from primary and reliable secondary sources available in the public domain.

Headquartered in Princeton, NJ, with offices in India, **ESGspectrum.com** caters to environmental, social and governance aspects through a range of researched and analytical products.

We can be reached out at info@esgspectrum.com 24/7, Monday to Friday.

Our ESGspectrum Databases include five products:

- ESG Reports: Daily Updates Database
- ESG Daily News Files
- ESG Governance: Board Diversity Daily Updates Database
- ESG Database Research
- ESG Analytical Modules Library

Table of Contents:

Product 4 - ESG Database Research

Overview:

An ESG data-oriented continuous support service is available here which helps the large ESG data users and ESG-focused researchers in academia to complete their ESG-data needs with added value.

ESG data support offered:

- In-house synthesized/researched/analyzed ESG information
- Latest ESG indicators/metrics
- ESG trending issues/challenges
- Updated ESG news
- Peer ESG/sustainability reports
- ESG media analytical articles/viewpoints
- Select ESG pages from sustainability reports

Key features:

- Support service conceptualized and designed to add value and insights
- Ongoing data support provided to large ESG data users
- Customized data support available for academic research
- Close co-ordination with clients in terms of setting up data
- Undisputed edge with a dedicated experienced business research team at client's service
- Accessible 24/7 and 365 days/year from any part of the world
- Details of the ESG-data request kept confidential

Useful to:

- ESG index/ratings providers
- ESG-focused leading mutual funds
- ESG consultants/standard-setters
- Researchers with an ESG-focused career
- Academicians seeking ESG data and information
- Professors for their academic research data needs
- PhD students for their dissertations

Advantages:

- Quick access as requested ESG-data output which usually requires an annual or monthly subscription provided within 24 hours
- Completely oversteps the long and complicated process of subscription when all you need is a specific information within a day
- Reasonable costs (cost estimates provided as per user specifications and requirements)

Product 5: ESG Analytical Modules Library

Overview:

ESG analytical modules are offered here for subscription by large users to save time in setting up their own modules.

ESG analytical modules' clusters:

- Regions
- Sub-regions
- Countries
- Industry groups
- Industries
- Market capitalization groups
- ESG topics/sub-topics

Modules offered for each cluster:

- 4 regions namely 1) Americas, 2) Asia/Pacific, 3) Europe, 4) Emerging Markets
- 8 sub-regions namely 1) MENA countries, 2) ASEAN countries, 3) Asian Emerging Markets countries, 4) East Asian countries, 5) South Asian countries, 6) European Emerging Markets countries, 7) Scandinavian countries, 8) Latin American countries
- 25+ key countries
- 10 industry groups namely 1) Capital Goods, 2) Consumer Goods, 3) Energy, 4) Financial Services, 5) Healthcare, 6) Materials, 7) Retailing, 8) Services, 9) Technology, 10) Transportation
- 40+ leading industries
- 4 market capitalization groups namely 1) LargeCap, 2) Small-Mid-MicroCap, 3) Not-Listed, 4) Not-for-Profit Groups
- 20+ key ESG topics/sub-topics

Useful to:

- Large users to get an easy access to data readily compiled under various analytical modules
- Company executives to quickly incorporate specific ESG approaches in their activities
- Investors to review and re-evaluate ESG decisions
